## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims are generally narrative and indefinite, failing to conform to current U.S. practice. They appear to be a literal translation into English from a foreign document and are replete with grammatical and idiomatic errors. The phrase “can be” found throughout the claims is unclear as to the structure being claimed.

Re claim 1, the recitation “which is moved by being carried by the travel means without using a rail for traveling only when the moving member is mounted on the travel means” has no clear and definite meaning as to the structural connective relationship being claimed. Also the recitation “mounted on the travel means while hooking a support member provided in the hook means” is confusing as to the structure being claimed. The recitation “a hook state of the hook means on the travel means is mounted on the travel means” has no clear and definite meaning.

Re claim 4, the recitation “by applying or not applying an external force from the switching means” is confusing and indefinite.

### ***Allowable Subject Matter***

Claims 1 and 4 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Art Unit: 3765

Claims 2, 3 and 5-14 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

### *Conclusion*

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
